

## BRIEFLETS.

—Keep shady.  
—Weed out the weeds.  
—Building is still lively.  
—The tramps are not plenty.  
—Get your button holes rebound. The political talk begins.

—City Treasurer Haselton publishes in another column a card which should be perused carefully by every taxpayer.  
—Mr. Ben. H. Grove has returned to Chicago. It is to be hoped that he will soon give Janesville another chance to hear him sing.

—This evening the Knights of Pythias will work in the third degree. There will be more than the usual attractions to-night, and every member should be present.

—There will be a meeting of the Janesville Veterans at the Common Council room to-morrow evening for the purpose of meeting in. Lieutenant Tonsley has been appointed mustering officer.

—A very pleasant musical recital was given last evening by Miss Battle, assisted by Misses Sheldon, Riker, Wheeler, King, Anderson and Tappan. Miss Battle is fast gaining an enviable reputation as an instructor.

—N. N. Palmer, of the Evergreen nursery and stock farm, Spring Valley, has just received, by express, from Durand, of Racine, a fine bull calf, a perfect little beauty, valued at \$100. Palmer is determined to have a herd of milkers if money will do it.

—Henry A. Tice made his Janesville home a brief visit today. Since the close of the term at Lawrence University, he has been in the telegraph office at Oshkosh, and now is going to Iowa for a few weeks' rest before returning to his collegiate studies again.

—Another report has reached the city that John Watson has been hurt while at work on the railroad tunnel near Baraboo. The report this time seems to be authentic, and is to the effect that a heavy stone fell on Watson's foot, bruising it badly, but fortunately breaking no bones. Watson seems to have had luck.

—To-morrow morning another party will start out from this city for rural recreation. They are Mr. and Mrs. E. B. Heimstreet, Mr. E. L. Doty, Dr. B. P. Sanborn, Willie Heimstreet of St. Louis, Miss Clara Judd and Miss Roberts, of Oshkosh. They will camp out for a week at Lake Koshkonong.

—Attorneys Winsaw, Pethers, and Norcross have returned from Beloit, where with other lawyers of Beloit, they have been trying a case in which Mr. Norcross acted as referee. It was a suit of a mother-in-law to recover recompense for services rendered in her son-in-law's family. The evidence has been concluded and the arguments will be made here in a few weeks.

—This morning Mrs. C. T. Wright, her daughter, Grace, and son Charlie, together with Miss Lizzie Morrissey, Miss Eva Thompson, and Frank Webster, started for Geneva Lake for two weeks of camping out. Miss Eva Thompson, who is one of the party, is from Hampton, Iowa, having come hither to take instrumental instruction from Prof. Titcomb. She is said to be wonderfully proficient on the piano.

—There seems to be a feeling among some, that delinquents who were up before Justice Pritchard yesterday, for their doings at the High School building, were not fined sufficiently heavy. The statute under which they were arrested, was for "willfully injuring, defacing and damaging" the building. No evidence was produced showing the real nature of the offense, and whatever else they may have done, it was conceded that the damage, as far as the building itself was concerned, was merely nominal.

—Edwin Clifford, the well and favorably known theatrical manager, arrived in the city today. He disbanded his troupe July 4, for a summer vacation, and his last appearance, which was at Oshkosh, was to a \$600 house. His troupe will start out again next month, opening at Milwaukee. This evening Mr. Clifford will attend the regular meeting of the Knights of Pythias, and will take a prominent part in the work, and in the part assigned him he is said to have no peer in the United States.

—The comparatively easy victories achieved by the Mutuals last week, and the continued improvement in the playing of the nine, has convinced most of our citizens that we not only have one of the best amateur clubs in the country, but a nine fully equal to the professional Mutuals of last year; in fact decidedly their superior in batting and base running. It is to be regretted that such a nine can not draw better crowds so that the Mutuals could safely offer the required guarantee to first class clubs. No games are being arranged at present except a trip to Waukesha during the latter part of the week.

—Saturday night parties going home along Ann street heard a strange whistle and soon after two or three men were heard scampering away in the dark. Soon after a man was found lying near the sidewalk, his face in the sand, and his arms spread out as though he had been knocked senseless. He would not speak, and appeared to be lifeless. The help of others was called and afterwards all went away, expecting to return with a light and find him there, but when they hunted for him some time afterwards he was gone. There were tracks around where he laid but further than that the whole affair is still a mystery.

## THE WEATHER.

The thermometer at 7 o'clock this morning stood at 74 degrees above and at 2 o'clock at 85 degrees above. Clear. One year ago to-day at corresponding hours the thermometer stood at 69 and 76 degrees above.

The indications to-day are, in the upper lake region, partly cloudy weather, occasional rains, followed by clearing weather, winds mostly northerly, stationary or lower temperature and higher pressure.

## ANOTHER REPORT.

The Citizens' Committee on Water Works completed their work, and presented their final report.

Last evening the Citizens' Committee on Water Works completed their work, and decided upon their report. It was expected that the Committee would go into the question somewhat more in detail but they considering the fact that they really had no authority in the matter, and that their report in any event would be but an expression of opinion, they concluded to close their labors. Some of the members are strongly in favor of the appointment of a Committee, authorized to hunt up some company which is willing to enter into a contract, and then draw up a regular agreement, complete in all the details except of course the signatures, and then present this as a tangible thing which can be discussed intelligently. At present every proposition is in such a crude and informal shape as to render discussion wild and rambling. The Committee, however, though in favor of such a Committee, being appointed did not incorporate it in the report, owing to the fact that no quorum was present to vote upon it. The following is the report as agreed upon:

Hon. Philip Norcross, Chairman of Citizens' Meeting:

DEAR SIR:—The Committee appointed by you in your open letter of July 19, to take into consideration the subject of water works for the city of Janesville, would respectfully report: The Committee has met from time to time, and while it has not acted specifically upon the several points mentioned by you in your letter of appointment, yet the several members of the Committee believe they have substantially met your desire and the desire of the citizens of Janesville expressed through you in their examination of the various questions connected with the project of building water works, and would present as embodying the result of such examination the following resolutions:

Resolved, That the health and prosperity of the citizens of Janesville will be promoted by the construction of a judicious system of water works.

Resolved, That we are opposed to their construction by the city, but would recommend that the city enter into arrangements for their construction by some reliable company under proper limitations and restrictions.

Resolved, That we deem the water supply from the artesian well as the fair ground entirely inadequate for the purpose of water-works for the city.

Resolved, That we recommend that the Common Council contract with any reliable company, if it can be done, for the construction of water works, the cost to be paid by the city not to exceed \$50 a year for each hydrant for 150 hydrants, the city to have the right to use the water necessary for sprinkling streets, and for fountain in the public parks not to exceed four in number.

All of which is respectfully submitted.

P. S. ELDERED, Chairman.

H. S. HOGBOOM, Secretary.

## CONCERNING THE CITY.

The Aldermen do not like the Holly system of Water Works. Last Evening.

The Common Council convened in their regular semi-monthly meeting, at the City Hall, last evening, with Mr. President Davies in the chair, and all the Aldermen present except Aldermen Church, Hutchison, and Lawrence.

The journal of the last meeting was read and approved.

The Clerk read a batch of miscellaneous bills against the various funds, which were referred to the appropriate committees.

The bills of the City Assessors, \$150.00 each, were referred to the Finance Committee.

The July report of the Police Justice was referred to the Judiciary Committee.

The July report of the Board of Education was referred to the Committee on Schools.

The application of G. C. Fritz, for a liquor license, was referred to the License Committee.

Ald. Vankirk, from the Finance Committee, reported in favor of allowing a number of miscellaneous bills against the various funds. The report was concurred in.

Also, that the July report of the City Treasurer was correct; placed on file.

Also, that the bill of Edward Ruger, for services in connection with the Water-Works Committee, be allowed at \$102.87, a discount of \$30. The report was adopted and the bill allowed.

On motion of Ald. Fitzgibbon, Mr. O. B. Ford was allowed to occupy a portion of Milwaukee street while building near the postoffice.

Ald. Davies introduced an order instructing the Mayor and Clerk to sign the usual warrant for the collection of the City Taxes, etc., etc. Adopted.

Ald. Vankirk moved that the City Engineer be instructed to place the grade of Bluff street on file.

Ald. Fitzgibbon raised the point that the alderman had not proceeded in this matter according to the charter; and wanted to know what fund the pay was to come from. The Alderman moved that further action be postponed until the next meeting.

On motion of Ald. McKinney, the question was referred to the City Attorney.

Ald. Wilcox, from the School Committee, reported back the report of the Board of Education as correct. Filed.

Ald. Wilcox moved that the Council adjourn. Lost.

Ald. McKinney moved that the city adopt the Holly system of Water Works. The ayes and nays were called and all the aldermen voted no.

On motion of Alderman Hemming the Council adjourned.

## A GOOD ASSAULT.

To-day the civil case of Brown vs. Wilcox came to trial before Justice Pritchard, Brown claiming damages for an assault made upon him by Wilcox, the particulars of which are well known. Mr. Wilcox appeared in court and intimated his intention of disregarding the court altogether, and looking to the upper courts for justice, and then withdrew. The case proceeded, and a jury consisting of W. S. Bennett, J. W. Nash, T. P. Gray, J. F. Ward, E. V. Whitson, and H. C. Stearns, were chosen. The foreman was consumed in taking testimony and after a noon adjournment, the jury came to a decision. They were out only three minutes and returned a verdict in favor of Brown for \$200, which was as large an amount as could be found in that court.

## JANESVILLE GUARDS.

Seventy-four are mustered in, and the Organization Completed.

Last evening the Janesville Guards met at Ehle's hall and mustered in the State Militia. Seventy-four signed the company's book, which was the only requisite of regular membership, and the officers took the usual oath. Lieutenant H. A. Smith acting as mustering officer. No army was formally decided upon though it seemed to be the general understanding that the building formerly used for the Clow Reaper Works should be the future place of meeting and drill.

It became necessary to hold a formal election of officers, and the same officers as those elected before the regular organization of the company were unanimously elected they being as follows:

Captain—T. T. Conr.

First Lieutenant—H. A. Smith.

Second Lieutenant—M. A. Newman.

A Committee consisting of J. B. Doe, Jr., M. A. Newman, and J. D. King were chosen to arrange a constitution and by-laws.

It was decided that the Company should procure at once caps and blouses, at a cost of \$2.50 per man.

The Company have now complied with all the requirements of the law, and as soon as possible Captain Conr will give the necessary bonds for the safe keeping of the arms and accoutrements to be furnished by the State. As soon as these bonds are approved, a requisition will be made and the arms will be forthcoming.

## BASE BALL.

The Buffaloes defeated the Milwaukee yesterday by 4 to 3.

The Cincinnati defeated the Rochester yesterday by 9 to 1.

At Cleveland yesterday the Springfield scored 6 and the Forest City 1.

At Utica yesterday the Chicago defeated the Utica by 3 to 2. The game was called in the eighth inning on account of rain. No runs were made after the first inning.

## SALES OF THE LEAF.

The following will give those interested a pretty fair idea of the condition of the local tobacco market, it being a statement of the number of cases delivered here last week, and the prices paid per pound:

P. Gagan, 7 cases at 5c.  
E. W. Johnson, 6 cases at 3 1/2 c.

W. Lehter, 3 cases at 6c.  
D. Chapin, 7 cases at 5c.  
Hugh Chapin, 6 cases at 5c.  
D. C. Chapin, 4 cases at 4c.  
G. W. Lawyer, 4 cases at 5 1/2 c.

## A MORAL FOR ALL.

To the Editor.  
From the sad lesson which the young men of our city have been compelled to learn in disgrace and publicity within the past few days, may there not be in it a moral for all? Is this spirit of display, this looseness and independence of manner, this desire to know the world, the flesh, and the devil, confined to our young men? Are not our little girls, as in old-fashioned days they were lovingly styled, giving up the precious hours of life's blossoming unto vanity? God made them to glorify the other sex by their modest demeanor, and godly ambition in the paths of rectitude and knowledge. It would be sad indeed were they to go down together unto imbecility. Can it be that mothers in these days are becoming too weak to work out their missions, the heaviest yet the holiest of God's appointments? Let us have a mother's league, to stand united in this work and if it need be, we will conquer the incorrigible. Then the burden of the faithful will be lessened, and the weak made strong.

The fathers, are they not carrying too heavy burdens of care? Let not unfortunates children press to hard.

We will form a new order of militia. Rally young and old, and we will train and send forth into the world a glorious army of noble men and women.

## MATER.

## RESOLUTIONS OF RESPECT.

The following resolutions were adopted by Atton Division, No. 97, of T., at their regular meeting, August 2d, 1878.

WHEREAS, He has pleased Divine Providence to take from us our late brother, Wm. H. Church, a worthy member of this Division, therefore

Resolved, That the courteous and manly bearing of the deceased had endeared him to the Order, to whom he is personally known, and that in his death this Division have to deplore the loss of a much esteemed brother and member, and who was ever true to the cause of temperance.

Resolved: That we tender our sincere and heartfelt sympathy to the companions and relatives of our deceased brother, trusting that God in his infinite wisdom will heal the wounds death has made, yet we feel that our loss is his eternal gain.

Resolved: That our charter be draped in mourning for thirty days, and that a copy of these resolutions be sent to the family of the deceased brother, also the Janesville, Rock County Recorder, and the Son of Temperance for publication.

## It Is Well Known.

Many grocers sell Dr. Price's Cream Baking Powder at the same price as the cheaper kinds, and as they pay more for it, make less money; hence, they never sell it unless the purchaser demands it. Pure articles can not be made so cheap as those that are adulterated.

## LOCAL MATTERS.

Ladies and Gentlemen will always find the nicest and cheapest Box and Staple Stationery in the city and Shoppers' Bookstore, No. 29 Main street.

## A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, Bible House New York City.

## An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault, and there is only one excuse for you—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning, will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual constiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sales now reach every town on the Western Continent and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you. decided-weakness.

## Fever and Ague Cured for 50 Cents.

Dr. Swayne's Fever and Ague Pills, (without calomel or quinine), are a quick and sure cure in every case for ague and fever, intermittent and remittent fever, and all diseases having their origin from Malaria. They are a great tonic and preventive as well as cure of all complaints peculiar to malarious, marshy and miasmatic districts. They act on the liver, and brace up the system to a vigorous healthy condition. Notwithstanding these pills are sold for one-half the price that other ague cures are sold for, yet we will warrant them as effective in all cases as any pills or mixture, and being entirely free from all minerals, their use leaves no bad effects, as in the case of many other remedies. Sent by mail to any address on receipt of price, (in currency or postage stamps), 50 cents a box, three boxes \$1.25, six boxes \$2.50. Address letters, Dr. Swayne & Son, 139 North Sixth St., Philadelphia.

## Beyond the Reach of Human Skill.

Is the power to restore the hair to bald heads when the bulbs at the roots are destroyed by age or disease; but there are doubtless many persons becoming bald, who have by careful attention been restored to their original luxuriance and beauty. Parker's Hair Balsam is an elegant preparation, designed to meet the public want for a harmless hair dressing and restorative. It acts like magic, commencing at the very roots, removes dandruff and all humors from the scalp, and never fails to restore gray or faded hair to the original color, and the soft, rich and glossy appearance of youth. By its occasional use falling of the hair is immediately checked, and a luxuriant and beautiful growth of young hair is induced. The exquisite perfume and the purity of its composition are highly appreciated, and it is not a dye and does not stain the skin or clothing. It is a growing favorite of the toilet table everywhere. Buy a bottle from your druggist A. J. Robert's, Janesville, Wis., and test its merits.

## Iching Piles.

The symptoms are moisture, like perspiration, intense itching, increased by scratching, very distressing, particularly at night as if pin worms were crawling in and about the rectum, the private parts are sometimes affected; if allowed to continue, very serious results may follow. Dr. Swayne's All Healing Ointment is a pleasant sure cure.

HOME CURES.—We were great sufferers from Iching Piles, the symptoms were as above described; the use of Swayne's Ointment in a short time made a perfect cure.

J. W. CHRIST, Boot and Shoe Maker, 331 N. Second Street.

C. WEXMAN, Hatter, S. South Eighth Street, Philadelphia.

Reader, if you are suffering from this distressing complaint, or Tetter, Itch, Scald Head, Ring Worm, Barbers Itch, any Crabby Scaly Skin Eruption, use Swayne's Ointment and be cured. Sent by mail to any address on receipt of price (in currency or postage stamps), 50 cents a box, three boxes \$1.25. Address letters, Dr. Swayne & Son, 139 North Sixth Street, Philadelphia. No charge for advice. Sold by leading druggists.

## "Dobbins' Electric Soap."

Having obtained the agency of this celebrated Soap for Janesville and vicinity, I append the opinion of some of our best people to its merits. I have washed with Dobbins' Electric Soap made by I. L. Cragin & Co., Philadelphia, Pennsylvania, and pronounce it the best soap I have ever used. The rapidity and ease with which it enables one to do one's washing is really surprising. Boiling the clothes is entirely unnecessary, and no rubbing is needed. I would not be without it.

I have no hesitation in saying that no housekeeper should be without Dobbins' Electric Soap. I can heartily recommend it, it is a charm in the wash tub.

As a time, labor and money saving article, I take pleasure in recommending Dobbins' Electric Soap to my neighbors. It promises freedom and does all it promises. Many Yankins and I take pleasure in calling attention to the testimonials, as we have just made arrangements with the manufacturers in Philadelphia, so that we can supply the trade at their lowest Philadelphia price.
